The morning symposium will highlight RDHAP Owner Independent Practice. Speakers will discuss RDHAP, starting a practice, and patient care delivery. The RDHAP scope of practice and requirements for licensure will be presented.

The afternoon will focus on Denti-Cal; current billing practices, covered benefits, and how to avoid billing errors. The speaker, a Denti-Cal provider training expert, will provide on-line resources, and the most current information about California's Denti-Cal program. It is designed for current and future RDHAP's.
